

## WW2 Topic project

DUE: Friday 3rd July

We are learning about WW2 and the impact this had on families at the time. We would like you to research how WW2 impacted upon your family. We would like you to:

- Research your family tree to as far as the beginning of WW1 (1914) if this is possible and present this
- Talk to family members to see how distant relatives were affected by the war - maybe your Gran was an evacuee or your Great Grandad was a soldier
- Write about how WW2 affected your family (you can choose how you present this e.g. a series of letters, a diary entry, a report etc.)

If you are struggling to find information, you can make up a family and describe how they were affected by the war. You could even base it on the characters from *Goodnight Mr Tom* if you like.

### Presentation

You can choose how to present your project, e.g. as a folder, a book, on computer etc. You need to give your project a front cover and include pictures or photocopies of photos if possible. We will award house points for presentation and content.
