Vision Statement

Under the Equality Act 2010 schools should have an Accessibility Plan. The law states that 'schools cannot unlawfully discriminate against pupils because of sex, race, disability, religion or belief and sexual orientation'.

According to the Act a person has a disability if:

- He or she has a physical or mental impairment, and
- The impairment has a substantial and long term adverse effect on his or her ability to carry out normal day-to-day activities.

The Accessibility Plan is listed as a statutory document of the Department for Education's guidance on statutory policies for schools. The Plan must be reviewed every 3 years and approved by the Governing Body.

Queen Eleanor's C of E Junior School is committed to providing an environment that enables all members of our community to access the curriculum and all aspects of school life. This is regardless of their education, physical, sensory, social, spiritual emotional and cultural needs.

We are committed to taking positive action in the spirit of the Equality Act with regard to disability and to developing a culture of inclusion, support and awareness within the school.

Aims and Objectives

Our aims are:

- Increase access to, and participation in, the curriculum for all pupils with a disability.
- Improve and maintain access to the physical environment
- Provide the right level of support for adults and children with physical or mental wellbeing needs. Our objectives are detailed in the Action Plan below.

Current good practice

We aim to ask about any disability or health condition in early communications and home visits with new parents and carers. For children already in the school, we arrange timely meetings to discuss any concerns that we may have and promote an 'open door' policy for parents to contact us at their earliest opportunity if they have information about a concern that may impede their child's participation in full school life.

Curriculum

There are areas of the curriculum to which some disabled children have limited access. Teachers of all subjects adapt the curriculum, where necessary, so that the child can access the learning of the class or their own targets. Where possible this takes place alongside their peers. Physical environment ramps and low level buildings have ensured that children and visitors have access to all parts of the buildings across the school. Where there is an activity within the curriculum or in extra-curricular clubs or educational visits the needs of children with physical or social/interaction impairments are planned for so that the child can participate alongside their peers.

Support for adults and children with physical or mental wellbeing needs

Across the school we have a high level of adult support in place to assist with physical or social/interaction needs. The school has an Emotional Literacy Space and a member of staff trained in Emotional Literacy. Where an unusually high ratio of adult support is needed this is funded by the School as required. Arrangements are in

place to support staff members who have needs. Where a parent is identified as having specific needs these are addressed on an individual basis.

Access Audit

Queen Eleanor's Junior is a single storey building with wide corridors. Several ramps are in place to allow easy wheelchair access to all areas in the school and the hall for visitors. Access for children is all at ground level. All doors are wide enough to allow for wheelchair access. There is a disabled toilet available. There is a dedicated SENCO (Special Needs Coordinator) and Home School Link Worker (HSLW) room which provides a break out space for any child with emotional / communication difficulties. This includes a carpeted area for any child to carry out therapeutic exercises. The gym and hall are both accessible on the ground floor included wide doors for access. Three bathrooms accessed by the pupils have been adapted to cater for children with physical needs in June 2020, July 2022 and again in April 2023. The pool has a thorough risk assessment and some children have individual risk assessments for use of the swimming pool. The school have put in place a lower hand rail on stairs for children who may require this.

Accessibility Plan - September 2024 – September 2025

	Actions	By Whom	Start	Finish	Evidence that it is completed/in place
To increase access to, and participation in, the curriculum for all pupils with a disability	1.To liaise with other schools to review intake of children for September 2023	1. SENCO, Head teacher, HSLW and class teacher	May 2024	September 2025	Support needs in place where required
	2. To review all statutory policies to ensure that they reflect inclusive practice and procedure	2.Head teacher/SENCO	September 2024	Ongoing	All policies show inclusive practice
	3. To ensure high quality teaching, through CPD for all to improve disabled pupils' access.	3. Head teacher and SENCO	September 2024	Ongoing	Evidence of differentiation in planning and completed work. All pupils including those with disabilities make good progress from their starting points.
	4. Audit extra-curricular		September 2024	Termly	All children have access to school clubs and
